6.1.1

On motion of Ms. Holloway, seconded by Mr. Garvey, the Board approved the request from the East Baton Rouge Parish School System (EBRPSS) for waiver of policy contained in Bulletin 1706, *Regulations for Implementation of the Children with Exceptionalities Act*: §1904, Definitions - *Resource Room*, previously granted for the 2015-2016 school year, to continue for the 2016-2017 school year, which allows students in the EBRPSS Scholastic Academy and Great Scholars Academy with non-identified high potential students and gifted students in grades Pre-K through 12 to receive instruction in blended gifted classes. For future waivers to be approved, the conditions stated below must continue to be met:

- Criteria for admission to Scholastic Academy should continue to be clearly established and concentrated in the elementary grades (Pre-K through 6). Above sixth grade, the only students who can be recommended for Great Scholars Academy are students who move into the parish from other districts, states, or countries, or who transfer from private or parochial schools.
- After two years in the Scholastic Academy, those students who do not meet state criteria for gifted must be placed in non-blended classes or in regular classrooms, rather than remaining in the Scholastic Academy blended gifted classes for the remainder of school careers. Students will exit the program, if need be, at the end of the school year, rather than at mid-term.
- EBRPSS must monitor each site that contains the Scholastic Academy and/or GSA blended gifted class for elementary, middle, and high school levels to assure that policies and procedures are consistently followed throughout the district.
- The high percentage of minorities participating in these gifted programs must remain the same or continue to increase.

For future waivers to be approved, the conditions stated below must continue to be met:

- Criteria for admission to the Scholastic Academy should continue to be clearly established and concentrated in grades 3 through 8. The screening pool for Scholastic Academy will be determined by scores of 90 percent or higher on the MAP Achievement Test or parent/teacher recommendations.
- A full gifted evaluation will be completed within two years of enrollment in the Scholastic Academy. Students not meeting the evaluation criteria will exit the program at the end of the school year rather than mid-year.
- SJPSS must monitor each site that contains the Scholastic Academy blended gifted class for elementary and middle school levels to assure that policies and procedures are consistently followed.
- The high percentage of minorities participating in these gifted programs must remain the same or continue to increase.

6.1.3 On motion of Ms. Holloway, seconded by Mr. Garvey, the Board approved the request from the St. Charles Parish School System (SCPSS) for waiver of policy contained in Bulletin 1706, *Regulations for Implementation of the Children with Exceptionalities Act*. §1904, Definitions - *Resource Room*, previously granted for the 2015-2016 school year, to continue for the 2016-2017 school year, which allows students in the SCPSS Academic Academy with non-identified high potential students and gifted students to receive instruction in blended classes in two elementary schools and two middle schools. Student Centered Goals - Competitive

6.2.3 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation: Jobs for America’s Graduates - Louisiana
 Amount: \$260,000.00
 Funding Period: 07/01/2016 - 06/30/2017
 Source of Funds: IAT-TANF/PETS

Purpose: The Jobs for America’s Graduates-Louisiana (JAG-LA) program is a dropout prevention/recovery and workforce preparation program for at-risk youth. It keeps at-risk students in school through graduation to obtain a high school diploma or a high school equivalency diploma, and during that time improves their rate of success in acquiring employability and occupational competencies.

(Motion continues on page 10)

Basis of Allocation: Grant allocations for continuation requests were conducted to determine the grant awards for FY 2016-2017. Applications were read and scored according to the established selection criteria and the ability to meet the requirements of the 2015-2016 JAG-LA Grant. Due to rejection of awards, the next applicants are being awarded.

School and District Innovations - Competitive

6.2.4 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation:	Title I School Improvement 1003a - Professional Development
Amount:	\$141,350.00
Funding Period:	07/01/2016 - 06/30/2017
Source of Funds:	Federal

Purpose: The LDE seeks to empower principals as they support teacher learning. This program will support districts as they implement a comprehensive principal support plan and strategies for leveraging TAP/NIET Best Practices and/or The Principal Fellowship.

Basis of Allocation: Through this grant, the LDE will support two key initiatives. District grant applications may include one or both opportunities.

TAP/NIET Best Practices: This initiative helps principals and schools implement effective practices for teacher collaboration, observation and feedback, goal setting, and teacher leaders. Districts may choose to implement the full TAP System in one or more schools and/or choose to implement a differentiated set of NIET (TAP) Best Practices.

Principal Fellowship: This program supports individual principals to build their instructional leadership skill through a 16-month cohort collaboration training. This school year, over 100 principals across Louisiana will participate in the state's second cohort.

This funding will increase the opportunities for principals in six districts (three additional and three currently funded) to receive training and support by leveraging TAP/NIET Best Practices and/or The Principal Fellowship.

Student Centered Goals - Competitive

- 6.2.5 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation: CLASS Pilot: Enhancing Instruction for Special Learners - CCDF
Amount: \$402,700.00
Funding Period: 08/10/2016 - 06/30/2017
Source of Funds: IAT-CCDF

Purpose: The LDE wants to support children with disabilities and their teachers with its commitment to the research-based concept of improving kindergarten readiness by improving adult/child interactions in early childhood settings. The CLASS observation tool for Toddler classrooms is an integral component of this initiative. Classrooms in publicly-funded early childhood programs serve a broad spectrum of at-risk children, including those identified with disabilities. Recognizing that the adults in these classrooms face the challenge of meeting the needs of all children in their class, the LDE has identified a set of coaching supports aligned with the CLASS tool and is prioritizing programs where there are children with identified disabilities to receive them. These coaching supports are intended to directly assist the adults working with children and to assist programs with building and enhancing their capacity to support classroom personnel.

Basis of Allocation: Allocations for Lead Agencies are based on the number of support models used, program sites, and teachers and coaches involved.

- 6.2.6 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation: CLASS Pilot: Enhancing Instruction for Special Learners - IDEA
Amount: \$1,553,675.00
Funding Period: 08/10/2016 - 06/30/2017
Source of Funds: Federal

School and District Support - Other

6.2.7 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation:	JAG AIM HIGH! Middle School
Amount:	\$0
Funding Period:	07/01/2016 - 06/30/2017
Source of Funds:	Federal

Purpose: The JAG AIM High! Middle School Program will follow the same model as the current Jobs for America's Graduates - Louisiana (JAG-LA) program, which is a dropout prevention/recovery and workforce preparation program for at-risk youth. The purpose of the program is to keep at-risk students in school through graduation to obtain a high school diploma or a high school equivalency diploma, and during that time, improve their rates of academic success and employment. The program targets students with disabilities who are also at risk of dropping out. The JAG AIM High! Middle School Program assists students in transitioning into high school. The primary program objectives are to stay in school through graduation and pursue a postsecondary education.

(Motion continues on page 13)

Basis of Allocation: This allocation is a distribution of funds for 19 sites receiving continuation flow-through funding for the FY 2016-2017 for the JAG-LA AIM High! Middle School Programs for the period of July 1, 2016 - June 30, 2017.

Allocations were determined through a competitive request process. This allocation represents a redistribution of funds that Caldwell Parish released back to the LDE and was allocated to the next eligible recipient of the grant.

6.2.8 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation:	State Level Funding
Amount:	\$1,500,000.00
Funding Period:	10/01/2016 - 09/30/2017
Source of Funds:	Federal

Purpose: The LDE administers programs that provide direct services to disabled and at-risk students in state-operated programs. These programs are administered through the Special School District and Louisiana Schools for the Deaf and the Visually Impaired. Services are provided to students in a combination of residential and day programs. The global basis of this request may include activities that support the following initiatives:

Assisting in providing direct services to students in state-operated programs by complying with state and federal mandates, ensuring access to services and community integration, addressing the needs of personnel shortages, expanding technology through improving and supporting the use of classroom technology, supporting the use of assistive technology and Universal Design for Learning to maximize access to the general education curriculum, providing a continuum of services and oversight with regard to the transition of students to post-secondary activities, and supporting the provision of alternative programs for students removed for disciplinary actions.

(Motion continues on page 14)

Basis of Allocation: The basis of this allocation is support for students with disabilities through targeted grant activities authorized pursuant to 34 CFR 300.370(c) (Use of SEA allocations). The BESE Special Schools serve a disproportionately high number of high-need students with disabilities. This student population requires more intensive academic supports and services. Therefore, the Division of NCLB and IDEA Support has identified the population of students served by these special schools as a priority to support improved educational services in these facilities.
